

PRESS RELEASE

FOR IMMEDIATE RELEASE:

***Aesthetic Medical Educators Training successfully trains
over 2,000 medical professionals on Aesthetic Procedures***

Austin, TX - April 24, 2009 Aesthetic Medical Educators Training (AMET) announces it has trained over 2,000 medical professionals on Aesthetic Procedures over the past five years. Medical professionals who have received training include physicians, nurses, physician assistants and dentists, all of whom wish to incorporate aesthetic procedures in his/her practice.

These medical professionals have been trained on a wide-range of procedures including Botox/Dermal Fillers, Sclerotherapy/Microdermabrasion/Chemical Peels, Mesotherapy, IPL Cosmetic Laser, Sensible Weight Loss, Advanced Botox/Dermal Fillers and Advanced Mesotherapy. AMET holds seminars at numerous locations throughout the United States. Receiving training from AMET, these professionals are guaranteed comprehensive training on the procedure(s) of his/her choice, in a small class size with an ample amount of hands-on training. Participants receive the information and experience necessary to immediately incorporate these procedures into their new or existing practice. Private Training and Aesthetic Training Packages are also available to ensure AMET can meet specific training needs.
